DETAILED ACTION

Response to Amendment

1. The amendment filed on 07/12/2005 has been entered and made of record.

Claims have been renumbered 1-19.

Allowable Subject Matter

2. Claims 1-19 allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 1-19 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a scanner comprising: a casing; a scanning module installed inside the casing for scanning a document and generating corresponding image data; a control unit installed in the casing, the control unit comprising at least a memory for storing a control program and the image data generated from the scanning module, and a processor for executing the control program to control the operations of the scanner; and an output port installed on the casing and electrically connected to the control unit for connecting to a portable storage device disposed outside the casing of the scanner, the portable storage device not being a computer, wherein the scanner acts as a master device and treats the portable storage device as a slave device;

wherein when the scanning module finishes scanning a document, the control unit converts the image data of the document according to the type of the portable storage device that is connected to the output port and then directly transmits the image data converted by the control unit to the portable storage device, wherein the image data transmission is controlled only by the control unit, respectively as set forth in Claims 1,9,15 including all of features recited therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Heather D. Gibbs whose telephone number is 571-272-7404. The examiner can normally be reached on M-Thu 8AM-7PM.
